

CORONAVIRUS COVID-19: MEASURES IN PLACE AT CATTOLICA ASSICURAZIONI

Verona, 24 February 2020. Following the official announcements of restrictions to contain the spread of the COVID-19 virus, Cattolica Assicurazioni would like to express solidarity with the citizens affected and subject to containment measures, and confirms its commitment to providing the best possible service to its customers, giving the necessary support to its distribution and agency network.

The Cattolica Assicurazioni Group has taken a number of precautions in relation to all employees, consultants and suppliers who have access to Group offices, in order to ensure their health and safety.

All employees and contractors are asked to operate in smart working mode this week, in addition to the scheduled two days a week. This measure applies in particular to employees who live in municipalities where there are cases of infection or who have been in contact with persons who live in the affected areas, for whom a 14-day period of smart working is scheduled.

Transfers between the Group's Verona, Milan and Rome offices, and business trips within Italy and abroad, are also prohibited.

Employees are also encouraged to postpone meetings, conventions and training events and, if necessary, to use remote communication methods.

Cattolica Assicurazioni is one of the main players on the Italian insurance market and the only cooperative company in its industry to be listed on the Milan Stock Exchange, where it has been present since November 2000. With nearly 3.6 million customers who rely on the insurance solutions and products it distributes, the Group has total premiums of nearly €6 billion (2018). At the Group level, Cattolica has 1,419 agencies spread throughout Italy, covering both large cities and smaller towns, and a network of 1,900 agents.
